

Cookie Policy

Business Development Agent Cookie Policy

Effective Date: 7/8/2026

Business Development Agent uses cookies and similar technologies to operate the platform, support login sessions, manage security, improve user experience, and support core website functionality.

1. What Cookies Are

Cookies are small files stored on a user's browser or device. They help websites remember information about visits, sessions, preferences, and security status.

2. Types of Cookies Used

Essential Cookies

These are required for the platform to function. They may support:

- Login sessions
- Authentication
- Security
- Account access
- Form functionality
- Embedded widget operation

Preference Cookies

These may remember user interface preferences, such as selected settings or dashboard behavior.

Analytics or Performance Cookies

If enabled, these may help understand platform usage, page performance, errors, and user experience.

Third-Party Cookies

Third-party services such as authentication providers, payment processors, or embedded service providers may use cookies as part of their own functionality.

3. Payment and Authentication Cookies

Stripe, Clerk, Replit Auth, or other third-party services may use cookies or similar technologies for payment processing, authentication, fraud prevention, and session security.

4. Managing Cookies

Users can control cookies through browser settings. Disabling certain cookies may prevent the platform from functioning properly.

5. Updates

This Cookie Policy may be updated periodically.
